Notice of Intent to Re-establish the Information Reporting Program Advisory Committee

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice.

SUMMARY: The Internal Revenue Service intends to re-establish the Information Reporting Program Advisory Committee for a period of one year. The final conference report for the Omnibus Budget Reconciliation act of 1989 (H.R. 3299) recommended that the Internal Revenue Service establish a federal advisory committee to discuss improvement to the information reporting program (IRP). The first IRPAC was created in 1991. The IRPAC is the only advisory committee designed to focus on information reporting issues. IRPAC members usually come from the tax professional community, small and large businesses, financial institutions, state tax administration agencies, colleges and universities, and securities and payroll organizations. Specific subject matter and technical expertise in information reporting administration issues, such as knowledge and expertise in producing and using information reporting returns, are generally required to accomplish the tasks of the IRPAC.
